

WENDELIGHTING®

DIVISION OF JACKSEN INTERNATIONAL LTD

Model 1176PEM
Easy Mount Bottom Access
Recessed Optical Projector

Wendelighting optical projectors offer the designer the ultimate in controlled illumination for fine art. The Wendel® projector combines an optical system of precision ground lenses, reflector and a unique light masking technique. The result is a highly intensified light that is artistically confined to the exact area of interest regardless of shape.

Maximum ease of installation is available using the 1176HEM housing and 1176PEM projector. The projector mounting assembly is designed with multiple movement points providing flexible projector position options locked into place.

The trim plate adjusts vertically accommodating plaster ceiling thickness' ranging from 5/8" to 1-1/4". The trim plate is installed flush to a plaster finish ceiling and field painted to match the ceiling finish. For overlap trim, contact Factory.

Consultations

Jacksen International Ltd. manufactures and offers optional installation for the equipment described in this bulletin. In addition, staff members are available for consultation. For further information, please write or call.

Model 1176PEM
(Order Example: 1176PEM-38FL)

SPECIFICATIONS

Projector Application: Small focal points, paintings, sculpture, and tables
Housing Application: Plaster ceiling 5/8" to 1-1/4" thick
Power: 120 VAC
Lamp: Quartz 150 Watt Q/CL mini can screw base 2000 hr. life
Weight: 30 Lbs Housing and Projector
Objective Lenses: Preset by Factory
Condensing Lens: 3
Spherical Reflector: 1
Projector Body: Cast Aluminum
Horizontal Rotation: Full 360° +
Vertical Tilt: 0° - 45° Limited by objective lens and trim combination
Recessed Housing: Die formed galvanized sheet metal (interior finish black)
Housing Fastener: Hanger brackets rigid to construction
Trim Plate: 10-1/2" Diameter primed (field paint to match ceiling)
Trim Retention: Rare Earth Magnets
Relamping: Bottom trim plate, Top access panel option (does not change focus)
Listing: Not Listed -- Non IC -- Not Air Tight - 90° Branch Circuit Wiring
Accessory: FADE IN® Optics for a Loosely Conforming Border
