Wendelighting's Model 1180T lighting system provides the designer with an optical projector that is surface mounted to provide a controlled illumination for fine art and furniture.

The Wendel® projector combines an optical system of precision ground lenses, reflector and a unique light masking technique. The result is a highly intensified light that is artistically confined to the exact area of interest regardless of shape.

The Wendel track lighting system includes a sturdy fastening design to provide support to both sides of the projector keeping it securely positioned. For track systems, the adaptor can be modified at the factory to fit most tracks. Please specify the track required.

Consultations

Jacksen International Ltd. manufactures and offers optional installation for the equipment described in this bulletin. In addition, staff members are available for consultation. For further information, please write or call.

SPECIFICATIONS

**Applications:** Small focal points, paintings, sculpture, corporate logos, gobo patterns, and tables

**Power:** 120 VAC

**Lamp:** Quartz 150 Watt Q/CL mini-can screw base 2000 hr. life

**Weight:** 4 lbs.

**Objective Lenses:** Preset by Factory

**Condensing Lens:** 3

**Spherical Reflector:** 1

**Housing:** Cast Aluminum

**Colors:** Black or White (White will discolor, other colors by request)

**Mounting:** Track Mount (Ceiling)

**Relamping:** Does not change focus

**Listing:** UL / CUL - Track Mount (Dry Location)

**Accessory:** FADE IN® Optics for a Loosely Conforming Border

Track Adapter (Contact Factory)
